

SHOW OFF!
(WHY NOT?)

SHOW OFF!
(WHY NOT?)

As you can immediately see, Marilyn's always showing-off. Yes, we did say showing-off! It's just that what she shows is very personal: herself-in action! "I never close the blinds," she admits, "what for? I've got a nice body, and I dig showing it off.

Male exhibitionists are usually the object of public scorn, and jolled if they're caught exposing themselves. Doesn't that make Marilyn wary a little? "I don't go out in the streets and expose myself, I do it right in my home. Is there any law against that?"

"When I'm at home I just do what comes naturally, and if the lights are on and the blinds open, I guess I just put on a good show!" Na, we're sorry but we just can't give out her home address—there's not enough room outside her window!

FABULOUS.... BUT FUNKY!

To listen to Marilyn, one might think she was raised in rather a... deprived... environment. "Mom was a stripper, back in the days when they weren't allowed to take it all off. Dad and I and my brother Billy used to harnstorm all over the place with Mom, following her act. She's bigger than me—in the boobs, that is—but I really learned how to move better than she did." The stripping business must have changed a lot in recent years, what with all the new permissiveness. "Boy, I'll say. Now there's nothing you can't show, and almost nothing you

**FABULOUS....
BUT
FUNKY!**

can't do—in loops, anyway. Loops? They're those 10 minute short flicks. I've done about twelve of them, for 75 bucks each."

That sounds a little cheap for "letting it all hang out."

"That's what Mom says, too. She says that, with my background and my flair for hot sex, I could be another Linda Lovelace. I told her my throat wasn't that deep, and she sort of winked and said she'd teach me how to do it when I was 21. I can hardly wait!"

Then Marilyn's mother encourages her carnal career?

"Why not? She's just sorry that in her day they had to do all this stuff on the sly, while I can do it in living color!"

Well, Marilyn certainly is a *Fabulous Female*.... in living color! Even if a bit funky....

THE STRIPPER (A FABULOUS FIND!)

Add two parts exhibitionist, one part loneliness, a dash of artistry and a pinch of neurosis. And you have the stripper! Degmer, a 25-year-old on the strip circuit, admits stripping isn't necessarily an easy life: "But then what is anymore? It's just something that's in you—like music or acting. I could do other things but I don't think I would be any happier."

She may not be very happy about the long hours and all the traveling she has to do, but she is happy about the money and

THE STRIPPER (A FABULOUS FIND!)

the men she is making.

"The biggest thrill for a stripper is finding a guy who is not turned on and being able to drive him mad all the way into a bed."

Thousands of men flock nightly to bars, discotheques and mini theaters where gorgeous chicks like

Dagmar Ileunt bare bosoms ripple torsos and rotate their buttocks to the latest in music, and all we can say to that is Thank Heaven for stripper girls.

When she was in high school Renee made good money modelling teenage "missy" fashions. Then one day the offers stopped coming in.

"At first I couldn't understand it. Here I'd been modelling for three years, and getting better and better at it—I'd worked up a 75-page portfolio and all the photographers

said I was good—and then . . . poof! No more

A GIRL TOO 'BIG' FOR MODELING?

work."

No one was anxious to tell her why, but she figured it out soon enough.

"I have always been skinny—hardly any bust and just enough hips to keep a skirt up. Then, when I was about 17, which is late, I began to get normal-sized breasts and hips and stuff. I was

delighted, of course, because I finally measured up to all

the other girls and the boys started to take more notice.

"But you can't be voluptuous in the modelling business—not if you do the kind of things I did. So I had to figure out what to do with all my new . . . equipment. Well, I already knew how to model, so I figured, what the hell, let it all hang out! So I did, and here I am, and I can make as much money now without anything on as I could wearing all those expensive clothes in the old days. People seem to like me better this way, too."

FABULOUS FETISHIST!

For some crazy reason (doctors in four states have yet to find out) Rosalind can't seem to resist exposing herself in semi-public places, notably rest rooms. "It's a compulsion, I guess. But it's awfully inconvenient. Like, every time I stop at a gas station or

COUNTRY.... KISSIN' SWEET!

Cindy is a rare breed of female these days quite old-fashioned in her thinking! She hails from Iowa and has no desire to join the big city form of life. "It's too hectic," she says, "I'm a girl of simple tastes and pleasures, and I could never enjoy a dog-eat-dog world." Cindy's 36-23-36 growth pattern clearly distinguishes her from what used to be the number one Iowa grown export, corn. It's obvious Cindy's growth is prettier and probably *tastier* than that golden corn.

go to a restaurant, off I go to the ladies' room. And peel. And check myself out in the mirror. Con't seem to stop."

Legolly, of course, Rosolind has nothing to fear . . . except the enmity (perhaps the envy?) of other wom-

en who ore in the powder room at the time. It was suggested that, because she strips so readily before other women, she hos on inferiority complex about her body ond seeks peer approval. "Approval? No, I get oll I need of that from

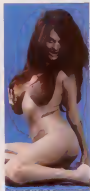

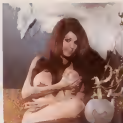

men. It's sort of as if I need to keep certain that all of me is still there, if you know what I mean. I guess that's why I got these pictures taken. Maybe if I carry them around with me and look at them every time I feel the urge to go to the bathroom, then moy-

FABULOUS FETISHIST!

be I won't go through with it. A glance at the pictures and a few fast feels—that might do the trick." At that point Rosolind excused herself to powder her nose.

That's what we'd call a *Fabulous Female*—with a fetish!

LATE BLOOMER? (RIPE NOW!)

Belle Hawks comes from a small town in Alabama and who would think that Belle would go from tree-climbing and baseball to a top-flight modeling career in New York City.

Belle confesses, with a smile, that she was a late bloomer. But oh, wow! When she finally blossomed she came out in full bloom 36-28-36. And what man wouldn't yearn for a delightful creature like Belle planted in his pad?

"Like they say, when you're hot you're hot," points out Belle with a sultry smile. "When the guys back home made passes when we weren't on the baseball diamond, I knew I was arriving."

Belle points out that, on a recent visit back home, some of the guys she used to play baseball with when she was 'just one of the guys' suggested a game for old time's sake. "But I wasn't too psyched up for a night game, and of course, balling doesn't have the same meaning it did about five years ago."

You've got to give the guys credit for being in there pitching. Who wouldn't want to get to home base with a chick like Belle? Batters up!

LATE BLOOMER?
(RIPE NOW!)

I think of it, they were pretty big things . . . " Belle's blooming may have come late, but it's a cinch she doesn't anymore. Just give her a good seventh-inch stretch any day, and she'll make it a whole new ballgame. . . .

And it's pretty certain you can get your *batter* up with a luscious lovely like this. If you can't, of course, Belle is an old pro at giving a helping hand.

Or tongue.

"As they say, I'm a big girl now," she smiles, with a hint of a leer, "... in more ways than one! And not just the two you're looking at either... or three, if you're lookin' south. Hell, if I could take on a whole baseball team, just think what I could do for you! After all, catching eighteen balls in one game is no little thing. In fact, now that

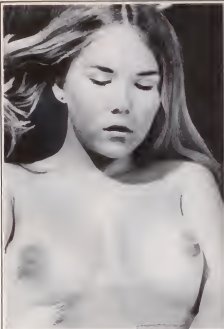

TIGER LILY

Lily is a Gemini, she says, which gives her the ability to live two lives. "I'm a very well behaved secretary most of the time. I have a little apartment, where I entertain, very properly, of course. I dress conservatively. And I present a very proper picture. But, Wow! Come Saturday, I scoot off to a deserted beach and throw everything off and I'm free."

Besides nudity, and the beach, Lily likes tennis, painting, and skiing. "It represents both sides of my personality. Tennis, I have to play with someone. And Skiing is both. I never go skiing alone, but when you come down the slope you are alone, you know. Soaring completely free."

Well, Lily can come down our slopes anytime and we know the feeling of being free, but Lily what's wrong with a little captivity once in a while. Huh Tiger?

"Oh, I don't mind being made a captive," Lili purrs. "If it's under the right circumstances. Like with a big hunk of swordsman. Of course, if the scene gets too heavy, I mean with whips and things like that, well, I can't cut it—I'll cut out. But if it's just a friendly scene where I'm a captive for *balling* purposes, hell, lend me to it!"

Meanwhile, back at that conservative office-and-home scene, our little Tiger wouldn't dare admit she even heard of swinging, much less discuss her experiences. So she'll have to remain a split-personality, getting her off-beat kicks on weekends—and dreaming about them during the week.

"Yeah," she admits readily, "until some monied swordsman comes along and puts me in a position—and I don't mean just lying down!—where I don't have to earn a living. Then I'll cut out the dual life. . . and just have a ball. A couple, in fact."

Now, let's get one thing straight what Sandy sells has nothing to do with sex—well, *almost* nothing. She sells cosmetics door-to-door. So what's sexy about that?

CINDY
COUNTRY....
KISSIN'
SWEET!

**SANDY
SELLS
HER
WARES**

"A heck of a lot", Sandy smiles seductively, "I mean, I sell perfumes and . . . you know . . . even douches, the things that turn the husband on! Of course, I also sell room deodorizers and all that junk, but I don't get as much of a kick out of that". We can't believe something as luscious as Sandy has to get her kicks vicariously. "I don't" she answers bluntly, "because I lead a pretty full life myself, seven nights a week. And I do mean *nights*. So that's probably why I appreciate brightening up the nights for some tired housewives . . . and their husbands!" We sure wish Sandy would come to our house. How about you?

SPEED QUEEN

Gloria is a 21-year-old professional sports car driver, and a speed queen at that! We're not referring

SPEED QUEEN

to her talent when it comes to driving cars, we're talking about what Gloria knows how to drive best of all, *a man*. Gloria has traveled all over Europe racing cars, and as she puts it quite a few men also.

SPEED QUEEN

"I like working for a living, I want to change things, but I like doing it with order and balance." The order and balance of Gloria's chassas makes her a queen indeed.

Gloria has a preference for stick-shift cars.

"I enjoy handling a stick, and I find it makes it easier to come thru first in the end."

She's also her own mechanic and we bet that when she fixes those very special parts they stay fixed.

If you're at a race look her up, who knows she may even drive your stick. We know one thing for sure, the lucky stud who bets on her may lose the race, but with a queen like this, he'd still come out the winner!

SUZIE- A COMING STARLET!

Suzanne Taylor the 22-year-old up and coming star of skin flicks claims that she is in bed so much that she gets dizzy when she stands up. But all that work does not go unnoticed, she makes the lucky guys who flock to her films dizzy with excitement.

Cindy runs a kissing booth at a year round county fair, where she trades her luscious kisses for dollar bills. Though it's her lips which captivate a man's immediate attention, Cindy is happy to reveal that her soft, full lips are not all she has to offer. But then, any girl raised in good old country sunshine can't be anything but spectacular.

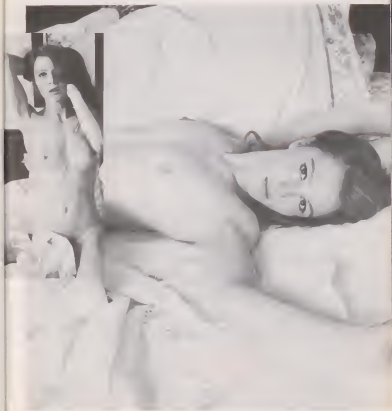

SUZIE- A COMING STARLET!

So, how did a girl like Suzanne get into the nudie movie field? "Sex. I was really uptight about nudity, sex, the whole bit. It was a real hang up, so when I had the opportunity to make a movie, I figured

it was good therapy." Suzanne says that the biggest problem she faces in her line of work is male actors. "They can't keep up with me. The film company buys Vitamin E by the case. They're always looking for new guys to replace the worn out ones." We would give you the address, but why should we start a stampede?

FROM HERE TO MATERNITY

All her life Debby's consuming desire has been motherhood. But she's addicted to the Pill. "It does something for me, besides keeping me unpregnant. Before the Pill, I used to get depressed all

FROM
HERE TO
MATERNITY

the time. My shrink put me on all sorts of barbiturates and uppers and downers, but nothing seemed to help much.

"When I was 17, though, I started well, going steady, and my girlfriends lent me Pills. Well, ever since then I've never had better health. That Pill just seemed to clear up everything."

It was suggested that perhaps *sex* was the missing factor in her mental equation.

"Oh, could that be it? I'm not sure . . . I've never been in love, I don't think. Love is when you have babies, isn't it? Well, I don't think I'm ready to have babies yet. I'd rather play a while longer. And take my Pill and be happy."

"Some day I'd like to have a whole bunch of kids. I guess I'll ask my shrink how I can do that and stay off the Pill at the same time."

Otherwise, it might be too depressing for me to bear children. It's all not quite straight in my head yet."

LOOK, BUT DON'T TOUCH

How's this for a betrothal. Celeste, after some years of playing the field with abandon, finally decided to get engaged.

The terms? Lay off the other guys. What's so special about that? Let Celeste describe it.

LOOK, BUT DON'T TOUCH

"For a girl like me, sticking with one man is like giving up smoking. Sure, Dave is everything I could ever want for a husband, but there's only one of him, right? And when you're used to a varied diet, it's kind of tough to limit yourself to a single course for the rest of your life, even if it's steak." So Celeste and Dave hit upon a singular way to untie all the other knots. To wit, let the whole world see what it'll be missing hereafter

LOOK, BUT DON'T TOUCH

"I'm what you would call nubile, right? Who knows what shape I'll be in, say, a year from now? Probably pregnant or something. So I promised

Dave that I'd do this nude posing thing, and show everything I had—sort of like a 'coming out party,' you might say. Now everybody can get a crack at me with their eyes. But no other way.

SHIRLEY PHOTOG'S PIXIE DOLL

Shirley's a photographer's assistant. She's got plenty to offer aside from her assistance, don't you think? "I work in the studio during my summer vacations and any other time when I can get away from school. It's great, you know. I get to meet a lot of people this way, especially men. I'm really tired of dating college guys. These older guys are something else, if you know what I mean!"

"When I can, I go out to the woods. I'm sort of a nature freak. I used to spend week-ends alone camping and walking and just meditating. Now, though, I always take along a friend, male, of course. Now if I meditate, it's only on one thing—yeah, that's it."

SHIRLEY
PHOTOG'S
PIXIE
DOLL

"I think I'm going to really hate going back to school again, but I guess I can keep myself busy until next vacation."
We're sure she can and if you want Shirley to come your way, all you have to do is meditate!!
Well, at least that's what her photographer—boss told us . . . and he should know, shouldn't he? After all, he sure got her to drop her drawers . . .

SEXY SADIE

Sadie landed in New York City, with fifty dollars and a desire for a modeling career, she immediately visited a photographer to have a composite made. And Sadie admits with a mild flush of modesty that the young photographer knew a good thing when he saw it.

"I got the composite free on the condition, of course, that I do some posing for him, and from there, everything started. Not only was I a working model, but I had a pretty groovy

Nowadays a chick's statistics are getting more involved—as you can see from Bette's additional “asset”. Actually, that was only a calculated guess on our part, since Bette keeps that kind of information to herself. Except to admit that she has more than just a figure to

offer . . .

"A girl just has to do more than look good," Bette says with a sigh "these days you have to compete with all the sex stuff going on around you. . .like the girls who star in those movies, doing. . . well, you know what!"

**CLEANLINESS IS NEXT TO....
DONNA AND DEE!**

Outside and inside

CLEANLINESS IS NEXT TO.... DONNA AND DEE!

We all know what a little soap can do for the body especially a juicy little *female* body! But just in case you've forgotten, Donna and Dee, who room together—but don't *bathe* together—are pleased to remind us. Unfortunately, as clean as it might be, that damned soap keeps getting in our way

Still, it's nice to see girls lathering up—even if it does mean *covering up*. Who knows what murky secrets those foamy bubbles are hiding. These clean girls won't tell . . . even though they insist they don't keep any secrets from each other. Hmm, now just what does *that* mean?

It's probably just that they scrub each other's back, you know, in a neighborly fashion. Now wouldn't you like to be their neighbor? Who knows what forgotten nook and cranny you could find to lather up

CLEANLINESS IS NEXT TO.... DONNA AND DEE!

"It's not that I dig being clean so much," one of the happy latherers grinned, "it's *where* we keep clean that counts. A girl just can't use too much soap there. Or, I guess you might say, a girl just can't use the soap too much there.

There is a difference, you know. Try a little bar in your favorite nook and cranny . . . and see what we mean!"
